## **PUBLIC ASSISTANCE APPLICANT WEBINARS SET FOR APRIL 9-10, 2015**

The West Virginia Division of Homeland Security and Emergency Management (WVDHSEM) has announced a schedule of webinars that will be held to brief potential applicants to the Public Assistance program under FEMA-DR-4210-WV.

WVDHSEM will host the applicant briefings to provide an overview of how qualifying applicants will proceed in applying for assistance with recovery from damage that was a direct result of the severe winter storm, flooding, landslides, and mudslides that occurred March 3-6, 2015.

Public Assistance is for emergency response and recovery to public infrastructure damages as a result of the declared event. Projects typically include repairs to roads, bridges, culverts, public utilities and facilities and other elements of the public infrastructure. Examples of applicants to FEMA's Public Assistance program include State, County and Local governments, public service districts, and certain private non-profit organizations.

The FEMA-DR-4210-WV briefings will be held via Adobe Connect Webinar.
